

This Christmas...

Bless them with a pig!

A gift of **\$50** can help a pastor buy a pig,
which can make a big difference!

With the pandemic, scarcity of food and basic necessities, and continuing government repression, this is a historically difficult time for Cubans. Pastors are especially burdened as they labor to serve their communities. A pig for a traditional **Cuban pig roast** would be a big blessing to them and their families, allowing them to enjoy a meal they usually don't get to enjoy during the holidays.
